NX Exclusive Technology

► **Medium sized mesh**
NX is a performing solution that allows to produce net wraps with reinforced and thicker threads.

► **Thicker & Stronger chains**
Novatex NX mesh is made of stronger and thicker threads, ensuring higher strength and more ability to withstand repetitive handling.

► **Better cling on the crops**
The NX Tech ensures optimal cling on the crops. Thanks to the wider angle of the weft, the ME netwraps hook up fast and easily.

► **Mesh with fewer knots**
Knots are the critical points of any thread. Novatex NX net wraps have half the number of knots with respect to standard netwraps.

► **Flexible geometry**
The reduced number of tension points (knots) aids the natural movement of the weft, leaving it free to stretch in width.

Special 130 is the advanced solution for perfect coverage when wrapping bales. Robust and containing, this net wrap offers an exceptionally covering feature thanks to its ability to spread naturally from edge to edge, Special 130 is confirmed as the ideal mesh for XL sizes!

Special 130 is the ideal net for XL sizes!

Width: 130 | Length: 2000 m - 2600 m - 3000 m

| | | | |
